1. Background and objective This tender is issued by [Name of issuing team or department] to appoint a supplier for [Summary of goods or services required]. The current position is [Description of the current position and why a new arrangement is needed]. The outcome sought from this tender is [Description of the outcome sought], to be in place by [Date by which the new arrangement must be in place].

Bidders must read every section of this brief before submitting. A bid that does not answer a mandatory requirement, or that leaves a pricing line blank, may be treated as non-compliant and excluded from detailed evaluation.

2. Scope of work The successful supplier will provide the following:

[Description of deliverable or service element one] [Description of deliverable or service element two]

[Description of deliverable or service element three] [Description of deliverable or service element four]

The following are outside the scope of this tender and must not be priced in: [Description of work that is outside the scope of this tender]. Any bidder proposing an alternative approach must describe it separately from the compliant bid, under the heading for alternatives in the submission instructions, so that compliant bids remain directly comparable.

3. Specification Bidders must respond to every line of this table, stating compliance or describing any exception in full. Do not leave a response cell blank.

Requirement number	Requirement	Mandatory or desirable	Bidder response and evidence
[Requirement number one]	[Description of requirement one]	[Mandatory or desirable]	[Bidder response and evidence for requirement one]
[Requirement number two]	[Description of requirement two]	[Mandatory or desirable]	[Bidder response and evidence for requirement two]

Validity period required: bids must remain valid for [Validity period required for bids] from the submission deadline.

Pricing schedule to be completed: [Description of the pricing schedule bidders must complete]

Late submissions will not be evaluated unless [Circumstances in which a late submission would still be accepted] applies. Bidders must not contact any person other than [Name of tender contact for bidder queries] about this tender while it is open.

6. Evaluation criteria Bids that pass every mandatory gate below proceed to weighted scoring. The weights below are the weights for this tender; they must add up to one hundred percent.

Evaluation criterion	Weight	What a strong bid shows	Score awarded
Technical fit and quality	[Weight for technical fit and quality]	Meets every mandatory requirement, with evidence from comparable work and a credible delivery plan.	[Score awarded for technical fit and quality]
Price and total cost	[Weight for price and total cost]	Complete pricing with no blank lines, showing total cost over the full contract period.	[Score awarded for price and total cost]
Delivery and timescales	[Weight for delivery and timescales]	Realistic dates, named resources, and a plan for handling delays.	[Score awarded for delivery and timescales]
Service and support	[Weight for service and support]	Clear support arrangements, response times, and a named account contact.	[Score awarded for service and support]
Risk and compliance	[Weight for risk and	Insurance, certification, and data protection arrangements evidenced	[Score awarded for risk and

	compliance]	and current.	compliance]
Total weighted score	[Total weight for this tender]	Add the weighted scores for the criteria above. The highest total does not guarantee award if a mandatory gate has failed.	[Total weighted score awarded]

Scoring scale: 5 means the bid exceeds the requirement with strong evidence; 4 means it meets the requirement with some areas exceeded; 3 means it meets the requirement; 2 means it partly meets the requirement and improvement is needed; 1 means it does not meet the requirement. Mandatory gates: [Description of each mandatory gate that a bid must pass before weighted scoring].
